Oh! woman in thy hours of ease uncertain, coy and hard to please This is not true of all women, I know some who are very certain to do what they agree to do, I know some who are not in the least coy and again I know some who must be very easy to please, if they are ever pleased for they have seemingly very little to please them.

The report has gotten abroad that the wheat crop is going to fall short that the late freezing weather coming after it had been so exceedingly warm in March injured the wheat, this report may have a teadency to check the downward prices of flour.

Mr. Julian Gunn is sending out his circular letters announcing himself a candidate for Lieutenant governor, he is quite a stranger here. It would be very unfair to Mr. Tucker or Mr. Trinkle to say that this county is practically solid for either one, for this is not true and only the official count after the primary can tell which man has a majority and there are lots of people who have not made up their minds which candidate they prefer.

The new brick garage now going up on main street here is going to be the handsomest building of the kind I have seen in the county.

John and Willie Chambers came here last week to get their father's will probated and to administer on the estate. These are colored people, but they are among the most reliable to be found in this county.

Veals have gone down to 11 cents a pound and it is time now to call a halt in the selling of veal calves and turn them out for stock cattle

Dr. T. H. Lacy has consented to preach the backalaureate sermon incident to the closing of the high school here. Professor Davidson attended the Conference of High School Principals which met in Charlottesville last week.

Judge Hall has come home right much improved in health and we will be so glad to have him as our superintendent of Sunday school again, the work has gone on nicely since he had to be away, but there has been no superintendent.

Miss Kathleen Morgan and Mr. Charlie Wood were married at the home of the bride last week by Rev. Stimson, the brides pastor, and they will make their home at Dillwyn, Va., in the house so long the residence of the late Mr. and Mrs. C. I. Johnson. Two mighty nice people are joined together. In thanking them for their beautiful announcement card I want to let them know they are appreciated for their genuine worth by many kind friends here

I had the pleasure of attending Sunday school at St. Andrew's church last Sunday where a large gathering of young people was held. Those people are earnest in the work they have begun and they propose to meet at 3 o'clock each Sunday evening for Sunday school.

Mr. David W. Patteson the R. F. D. mail carrier on the Manteo Route has built himself a new home on the Manteo end of his route and is also finishing up the nice new house he built for his parents near Mont Vinco.

Early Harrow of the so Mr. and Mrs. Perkins Ellis at their country home for Sun summer.

Don't plant does not shine each bright day.

I saw winter oats heading out the first, week in May which is eerlier than I have ever known them to begin heading.

We are to have a new phone line to Farmville now and we can reach the Virginian with important news by wire.

Mr. Robert Hundley, a son of Judge Hundley, is expected to appear here in court in an important suit.

Sad Accident

One of the worst accidents in Buckingham county occurred late last Saturday evening when the team belonging to Mr. W. W. Oliver took fright and ran away. Mr. Oliver had stopped at the store of Mr. B. F. Shepherd on his way home and while buying some goods the horses dashed forward with a terrific speed down the road and nothing could stop their mad plunge. Arriving at the turn in the road going by Rocky Mount church they dived into that awful narrow cut and there the heart-rendering tragedy occurred for in front of the run away team were Mr. and Mrs. Lee Barker, Mrs. Mary barker and a son eight years old and before Mr. Barker could do a thing the mad team bore down upon them. The two ladies were thrown to one side and the harness had to be cut from one of the horses to get him off of Mrs. Mary Barker. The horse was stamping his foot upon her left arm and hand and just think what that poor woman suffered! Mrs. Lee Barker was struck in the back of the neck and her face badly cut It is said that three or four of her ribs were pressed through her lungs. Mr. Barker and the boy escaped with minor bruises. The sad news soon swept the country and rescuing parties from this place jumped into their automobiles and made haste to the scene of disaster. The unfortunate ladies were hurried back here to Dr. Michell's office where everything on earth was done to relieve them of their intense suffering and later on they were rushed to the Johnston Willis Hospital at Richmond for further treatment. This is the saddest affair that we have ever had to record and all that we can say or do is to hope that God will take care of and be their physician. — Dillwyn Union Farmer.

MATERNITY HOSPITALS

For the suffering womanhood of the world the Salvation Army has established a chain of Maternity Hospitals, where the girls, betrayed, deserted, without money, home and friends, may find a refuge and medical attention. While here, every effort is put forth toward their regeneration—the first step in which is the future care of their babies. When physically fit to go out, they are sent out to situations with their babies, which they are urged to keep and support, or they are sent back to their parents and friends.

During the past year 7103 were received into these homes of whom 6408, or 90 per cent., returned to self sustaining lives of respectability.

Another feature of the Maternity Hospital is that section set apart for the respectable woman of moderate circumstances who may here obtain a room and the attention and nursing during her confinement at a low charge, that she could not possibly afford in the regular hospitals.

The Salvation Army has also created a little club in each Rescue Home and Maternity Hospital by means of which it is able to keep in touch with the girls who have found a haven in these hospitals in their time of great trouble. This is called the 'Out-of-Love-Circle' and its members are the girls whose little nameless babies first saw light of day in a Salvation Army Maternity Hospital.

They meet once a month in each of the 23 cities in this country in which there is located a Salvation Army Rescue Home for women.

All employed in positions, most of which the Army has secured for them, and all making good; they come back to their meetings out of love, they feel for what was done for them, and thus try to show it by helping the inmates of the homes toward getting new hope for the future.

This is one of the reasons why more than 85 per cent. of all the women and girls who are graduates of the Salvation Army's 26 institutions for erring girls are now supporting themselves and their children.

Great Man's Queer Fancy.

Daniel Webster had a curious fancy for painting the faces of his cattle. One week the poor beasts would walk around with blue faces, and the next would appear with red ones. The effect was so novel that it pleased him, and from that time forth he changed the color whenever he had a few minutes to spare, and would laugh heartily at the astonishment of his friends when they saw the queer-looking beasts.

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THEDFORD'S
BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Thedford's Black-Draught. At all Druggists.

Lumber Back to Normal.

LUMBER has reached a price-level where its value bears the true and proper proportion to the value of the products you farmers raise and sell. In other words, prices today on lumber are consistent with prices on farm products.

THERE'S NOTHING MYSTERIOUS about it—just the old law of supply and demand—and a willingness on our part to play fair with our customer friends by reducing our prices to a point where you can afford to buy.

RIGHT NOW your problem may be a barn, a shed or other building necessary to help you do your work better, more quickly or more economically. Or it may mean a new home, or repairing and remodeling the old one.

BRING YOUR PROBLEM TO US—Let us show you the facts. We have many plans and suggestions. some of which you can probably use, and our friendly counsel and assistance won't obligate you in any way.

Come in the first convenient day and let's talk it over.

A man cultivating corn WALKS 21¼ miles a day if he plows four acres and makes two trips to the row. He rides only 11 1-8 miles to plow four acres with an

which does the trick at one trip.

He has to turn around at the ends 560 times when he walks and plows, when he rides he only turns 280 times.

Allowing ½ of a minute for each turn he saves when riding we have two and one-third hours' time each day he plows instead of turns.

Let us show you an Oliver Cultivator. It's economical.
